The year is 1900 and 13-year-old Lumen, raised in the peaceful Indian countryside, cannot imagine the thrilling changes her life will begin having as she ventures forth into this new and thrilling century.

Lumen's new existence in a world of retro science fiction begins when her home is attacked by steampunk assassins. She is then shocked to learn her family lineage upon meeting her grandfather, the legendary Captain Nemo, central protagonist of Jules Verne's classic novel *20,000 League Under the Sea*. However, Lumen must quickly accept this and learn to work alongside Nemo if they hope to save the world from a cadre of evil masterminds, bent on seizing control of the world.

To that end, Lumen and Nemo's first foe is none other than another Verne creation, the villainously insane but almost unstoppable Robur the Conqueror, whose goal is Paris's destruction.

Lumen's first incredible arc introduces us to a young girl, eager to do right, who will evolve adventure-by-exploit into a fearless and unique steampunk champion.

Eva is a brilliant psychiatrist, but this is no simple story of a clever shrink helping a patient dissect their problems. No, this story is about Eva in the throes of a bipolar episode, navigating her own spiraling mental health as she is pulled down a scandalous rabbit hole when one of her first patients and only friends has invited her to the reading of her grandmother's living will.

The Monturos are a wine-making empire revered worldwide, and their matriarch has organized a party at their villa to discuss her will and the family's future. Their Dynasty is riddled with scandal, which is why the youngest heir, Penelope Monturo, invited the brilliant doctor along to help her through the drama. When Eva finds the families' current patriarch dead the night before the will reading, she finds herself catapulted into a web of intrigue and deception.

With her name on the suspect list, Eva transforms into an amateur sleuth out of obsession more than self-defense. Guided by the voices of her dead relatives who seem to haunt her wherever she goes, she takes fate in her own hands and does all she can to solve the mystery of who murdered Penelope's uncle.

The latest generation of Ghostbusters face off against the ghost of Captain Kidd and his fleet of ghostly pirates!

Now that they're getting the hang of busting ghosts in the Big Apple, the Ghostbusters' increasing notoriety is throwing them for a loop.

While Trevor tries to plan a "friendiversary" celebration for him and Lucky, Phoebe struggles to genuinely connect with her classmates. Things seem to be looking up when she meets Sammy, a fellow outsider who might be a real friend instead of just a social media follower. But friendships new and old have to take a back seat to more immediate concerns when Phoebe's new friend uses a cursed saber and accidentally summons the ghost of Captain Kidd, who threatens to transform NYC into a ghostly pirate town!

Jump back in with the Ghostbusters in the second comics series collection, exploring their adventures in New York! Written by David M. Booher, with art by Aviv Or, colors by Cris Peter, and lettering by Comicraft's Jimmy Betancourt.

The city of Los Monstrous, located on the West Coast of America in the 1950s, is populated solely by monsters of all the kinds you'd find in classic black-and-white horror movies. They're all just getting on with their lives, working, doing jobs, nothing bad, nothing evil. Well, apart from the crooks and gangsters in Los Monstruos's underworld, but every city has those, right?

All cities have private detectives too, and werewolf P.I. Perry Cutter has a simple case that's quickly turning into a king-size headache. Initially hired to find an old man's lost love from among the city's vampire community, Perry quickly finds things spiraling out of control as both vampire and Egyptian mummy criminal gangs get involved. So as Perry looks for answers, he runs a gauntlet of danger, while also uncovering dark secrets about his own past as a cop for the Los Monstruos Police Department.

Can Perry solve the case, put his own history to rest, stay alive, and still make that date he has with the cute vampire waitress he's been courting? It sure going to take all his skill as a detective and his abilities as a werewolf to do it.

Collects *Los Monstros* #1–#4.

The year is 2094, and men rule the world. So what has changed in seventy years, you ask?

Following the ten-year Sildenafil wars of 2053, Earth has become a barren wasteland. Factions of surviving men led by "Quest Ragnor, King of Males" have taken over the remnants of cities and towns across the globe, capturing and enslaving all women . . . Well, all women except for three super-bimbos with unparalleled bloodlust and an unquenchable thirst for violence: Baby, Belladonna, and Babette. Unwilling to bend to the whims and desires of the buffoons in charge, too slippery to be caught, and too sexy for chains, these three bangin' babes are at the top of Quest Ragnor's most wanted list. Unfortunately for him, they couldn't care less.

But when Baby, Belladonna, and Babette come across Cecil, a male who claims to know of a sacred artifact that could lead to the downfall of man, the babes see an opportunity to finally, truly be free.

Collects *Tramps of the Apocalypse* #1–#3.

Cobb considers himself a simple farmer and, until recently, a bit of a loner. He's content to mind his crops, gather resources, and be left alone. But fate has more in store for Cobb than intercepting the wayward villagers who replace his carrots with potatoes!

When a mysterious treasure map captures the imagination of Cobb's young friend Rochelle, she tries to inspire his adventurous side. But when Cobb refuses to join her, Rochelle decides to follow the map all on her own—leaving Cobb a copy in case he changes his mind. Sure enough, Cobb is thrust into action when his adventure-obsessed brother, Flint, points out that the map leads straight through an area so dense with hostile mobs that even he (brave and strong as he is) avoids it. The threat of danger to their friend Rochelle propels them on a journey across biomes unknown, filled with grand surprises they'll never forget.

The two brothers couldn't be more different, but they must work together if they hope to help Rochelle discover the treasure she seeks. The trio makes for an unusual squad—but sometimes surviving the world of Minecraft requires unlikely friendships.

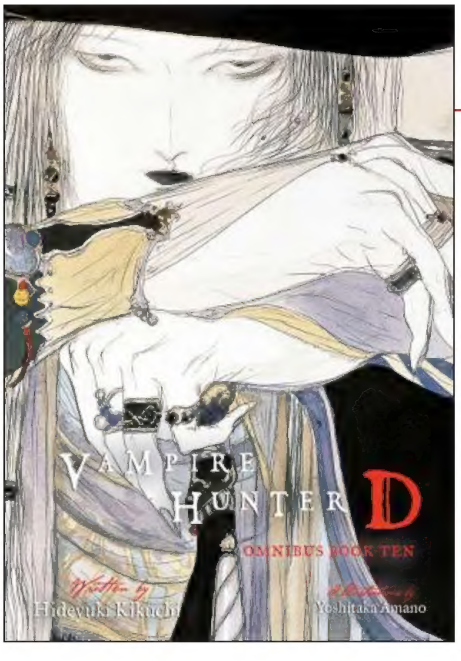
Book Six brings Kurosagi back to work . . . on some of their oddest jobs yet! When Numata's *fujoshi* acupuncturist becomes the target of a manga-banning politician, it's up to the Kurosagi gang to stick the needle into his power-hungry scheme. Next, a contest prize vacation to Shanghai turns into a side gig on the set of a Chinese zombie movie . . . but are all those corpses method acting? Then, we know the tragic story of Yata's sister, but will things turn out happier for his partner Kereellis? For Kereellis's sister, that is. His puppet sister.

And that's just three of nine all-new bizarre stories in omnibus Book Six of *The Kurosagi Corpse Delivery Service*!



VAMPIRE HUNTER D OMNIBUS: BOOK TEN

Vampire Hunter D Omnibus Book Ten collects three different complete novels. *The Tiger in Winter* is Duke Van Doren, vampire lord of the Northern Frontier, whom D's just been paid ten times his usual price to vanquish . . . except he has competition from three rival groups aiming for the Duke themselves! Then, in *Noble Front*, D confronts what may be his most lethal threat ever—the grotesque killers known as the "Nameless," who have no wanted posters, as everyone they target winds up dead. Finally, the epic-length *Gold Fiend Parts One and Two* raises the question of how do you collect from a deadbeat who's really dead? Marquis Verenis is a powerful vampire Noble three hundred million dalas in debt to Old El, the lender of last resort out on the Frontier. No collection agent has ever returned from the castle of the Marquis, but this time the undead debtor is dealing with D . . .

The Vampire Hunter D Omnibus Book Ten collects volumes 28, 29, and 30 in author Hideyuki Kikuchi's adventure horror series: *The Tiger in Winter*, *Noble Front*, and *Gold Fiend Parts One and Two*. Illustrated by Final Fantasy artist Yoshitaka Amano, the legend of D endures!
